Dear Linda hi!

Yes I would like to collaborate with you...
I am interested to work on ICT in our educational field..

As you can see in our site we love ICT and we work on this 'area' since 1994..
Our European collaborations until now ...have been just with primary schools...
So I think now it's time to find out how we can work with a nursery..

We are a small school ...all day long ...8.00 - 16.00 with 2 teachers..

we are located 80km NW to Athens near a mountain and 12km from a beach...
Kaparelli village is near (17 km) Thebes- or Thiva - an ancient town of our region..

I guess you know all about e-twinning action... we have to agree on one common
topic to work together our schools next year...

My idea is that we have to choose to work on ... It has to be simple and our kids be
interested to ... and speaking about ICT it would be nice this would be also
interactive..

I have something in my mind I will let you know about after May 9 ...now we are
in Easter holidays!!!

I would be glad to hear what do you think of ...what is your ideas about our e-
twinning... and let me know somehow about your school..

have a nice time
Anna
