Subject: Season's Greetings from Activeworlds...

Please join us as we celebrate over 10 successful years of the Activeworlds Universe.

We've seen so many great people come and go over these many years that we thought it would be wonderful to bring everyone together again for this special holiday season.

So please join us as we celebrate our environment, friends and fantastic creations. To facilitate this reunion we are reactivating your citizenship for 30 days at no charge. This will take effect today at 6 p.m. EST and we look forward to seeing you.
