

## ENO ART BEE CONTEST

Your participation in the Recycled Bee Art Contest will show off not only the many recyclable materials around us, but will also highlight how creativity can reduce the amount of waste sent to the landfill. Recycling is great; reducing and reusing are even better. All green artwork must be comprised of recycled materials with a minimum of 50% recycled content.

**Students, look around, pick up everything that is still useful. It doesn't matter if this is an old CD, a plastic bottle or a broken clock mechanism. Use your imagination and give these broken things a new life.**

**Think about the bee. How do you see it – is it a flying warrior? A slave to humans? A hard-working robot? A dissappointed ecologist? Think about it and use materials wisely.**

We look forward to seeing the results of your imagination and craftiness! Your artwork will be judged for both: Best Presentation and Best Use of Recycled Material.

### Rules

- A bee must be constructed from used, recyclable materials with a minimum of 50% recycled content. There is no limitation in the choice of the materials.
- All the materials needed for fastening like tape, glue, string, or other similar materials are allowed.
- The dimension: The bee may not be larger than 30x30x30 cm and not smaller than 10x10x10 cm. (A format around 20 cm recommended).
- The bees will be hanging from the ceiling, so consider making a hanger.
- Each submission should be clearly identified. Data should be readable in English in Roman characters:
  1. Full name of author (s) / age category / gender
  2. Name of the school / Full Address
  3. Name of the mentor
- One school can submit only one item in each category.
- **Due April 30<sup>th</sup>, 2018!**

### Submission
