

ENO

Environment Online

- ENO is a global network of schools and communities for sustainable development
- Learning is action-based, schools share their ENO actions with local communities and globally online.
- ENO started in 2000, coordinated by ENO Schoolnet in Finland

- Over 10 000 schools from 150 countries have taken part since the beginning.
- In addition to schools, cities and municipalities who want to support ENO schools have joined **ENO Green Cities Network**
